

BEFORE YOU GO OUT — CHECK WITH SUREFOOT!

SureFoot provides daily updates on general winter walking conditions in Winnipeg, so people can make safer choices and avoid slips and injuries due to falls.

THE RATINGS ARE SIMPLE AND EASY TO UNDERSTAND:

Easy

Bare pavement, no ice

Moderate

Take precaution when using sidewalks.
Mostly bare pavement and compacted snow.
Some isolated slippery sections

Difficult

Sidewalk travel not advised for persons with limited mobility. Fresh snowfall or freezing and thawing conditions may cause slippery walkways

Hazardous

Sidewalk travel not advised.
Walkways are extremely slippery

STAY SAFE BY FOLLOWING THESE TIPS FOR WINTER WALKING:

- Watch for changing conditions
- Always wear properly fitted footwear with non-slip soles
- Don't rush! Walk slowly and allow more time for pedestrian travel
- Be aware of slippery street intersections
- Walk with a buddy when possible
- If you rely on a cane, use an ice grip that can be reversed when going indoors
